138. **Box of Scentsy wickless candle products**  
 An introduction to Scentsy, all in one reusable storage box. Scentsy products are wickless, leadless, flameless, and wonderful! A great alternative to the candle, scentsy wax is melted in the warmer using a lightbulb. This eliminates the fire hazard associated with candles. Because of the low temperature melting point, the wax won't burn small children or animals. Serves as a light also with the holes in the warmers. Great nightlights!

308. **Teeth Whitening and at-home oral care**

Teeth seem to be showing all that coffee? Here's the solution...with this certificate you will be entitled to a free limited exam and teeth whitening (aka teeth bleaching). Dr. Wilson will do your exam and take impressions of your teeth. The office will then make up bleach trays for you, which resemble a nightguard or clear orthodontic retainer. You will receive the take-home kit and they will go over the instructions to whiten your teeth. The results will show and you will be so happy you did it! And, to top off your dental experience, the newest Sonicare toothbrush is yours, as well as miscellaneous oral hygiene items that can be used at home or for travel. We have also included a stainless steel water bottle to take along with you, to replace that coffee mug!
